

DATABASE 2

USEDBOOKS

Complete Production Schema — Final

42 Models | 30 Enums

NestJS + PostgreSQL (AWS RDS) + Prisma ORM

Source: u101172427_UsedBooks (custom-built, not WordPress)

Migration tracking: ub_id on every migrated table

Separate database — no cross-DB joins with the other platform

Platform Decisions Built Into Schema

Decision	Value / Implementation
Source DB	u101172427_UsedBooks — custom-built app (NOT WordPress). 149 users, 157 books, 10 orders.
Platform	Used books marketplace. Every user is BOTH buyer AND seller. All users get vendor_profiles.
Commission	15% platform fee + Rs.8 platform charge per order. Vendor keeps 85% minus Rs.8.
Delivery	Rs.49 flat delivery charge (stored in app_settings). Same zone system as kitabwala.
COD	Rs.7 flat per order. Same pincode-based COD rules as kitabwala.
GST	Books 0% GST. products.gst_rate default 0. hsn_code optional.
Auth	Passwordless only. Same 3 methods: Phone OTP, Google OAuth, Email OTP.
Payment	Razorpay + Cashfree. Wallet top-up. No split payment.
Delivery System	SAME as kitabwala: same-day (own team, GPS+OTP+photo) + normal (Shadowfax). Max attempts 3/1.
Condition	REQUIRED on every product — no default. like_new / good / acceptable / poor. Migration: fair->acceptable, poor->poor.
Returns	SAME policy as kitabwala: 7 days from delivery. Wrong product only. Partial returns per item.
Wallet	Real money wallet. Migrated wallet_balance from old UsedBooks.users. 14 wallet_transactions migrated.
Messages	REMOVED — owner decision. Old UsedBooks.messages (8 rows) NOT migrated. No messaging on new platform.
Cart	Same rule: same vendor+product = increment qty. Different vendors = separate rows.
Source Tracking	ub_id on every migrated table. 13 tables have ub_id.
Separation	Completely separate PostgreSQL database. No cross-DB joins with kitabwala. Ever.

Platform-Specific Features

Feature	Detail
Condition field	BookCondition enum on products is REQUIRED with no default. System enforces condition on every listing.
All users = vendor	role defaults to 'vendor'. Every registered user automatically gets a VendorProfile created.
platform_fee	Order.platform_fee defaults to Rs.8. This is charged per order in addition to the 15% commission.
AppSetting seeds	UsedBooks.settings (7 rows): delivery_charge=49, commission_rate=15, platform_fee=8 and other config.
